Dear Witness:

One of the parties in the above mentioned case has indicated that you can give the Tribunal some helpful information in this case.

The reason for the annulment procedure in the Catholic Church is an entirely spiritual one which looks toward the good of the parties concerned. We are not interested in pointing a finger of blame at either party to this marriage.

In filling out the attached questionnaire, please follow these directions:

1. Before answering any questions, please read through the entire questionnaire once.
2. We would be most grateful if you would download the form and **type** your answers. If you are not completing your answers on the computer, please write in **ink**.
3. Please answer the questions in detail.
4. If you need more space for answers please feel free to add additional pages.
5. After you have completed the questionnaire, please take it to a parish priest or notary, sign it in his/her presence and have him/her witness your signature. It is **necessary** that the questionnaire be signed and witnessed.
6. **Please return this questionnaire directly to the Tribunal, along with the cover letter and oath in the self-addressed envelope provided to you by the party to this case. Do not share your testimony with either party in this case.**

Please return the completed questionnaire to the Tribunal within **three weeks** after you have been asked by the party to provide testimony.

These questions are geared toward giving the Tribunal an in depth picture as to why this marriage was not successful. Thank you very much for your assistance in this matter.
